

Creating Smart Contracts with Solidity

Hands on course

About me

- Svetlozar Argirov - Zaro <zarrro@gmail.com>
- Github - <https://github.com/zaro/>
- 20+ years in software engineering
- Currently Software/Solutions Architect

Course Topics

- Lesson 1 – Ethereum networks, wallets and development tools
- Lesson 2 – Introduction to Solidity
- Lesson 3 – Creating a ERC20 token
- Lesson 4 - Creating a lottery smart contract
- Lesson 5 – Creating a Voting System
- Lesson 6 – Creating a Voting System

Let's go for a some solid learning
